

ZPEC 2026

2026 International Zhejiang Power Electronics Conference

August 14-16, 2026 | Hangzhou, China

CALL FOR INDUSTRY SESSION PROPOSALS

The Organizing Committee of ZPEC 2026 cordially invites industry professionals, application engineers, and technology leaders to submit proposals for the Industry Session. This dedicated session offers a high-visibility platform to present real-world solutions, industrial breakthroughs, and emerging technology trends.

The Industry Session will take place on August 16, 2026, with each presentation lasting **25 minutes (including Q&A)**.

SUGGESTED TOPICS ⚡

We welcome proposals addressing (but not limited to) the following areas:

- 01 Power Electronics for AI Data Center**
- 02 Power Devices and Applications**
- 03 Power Electronics for Renewable Energy and EV**

PROPOSAL FORMAT ⚡

Each proposal should be a single PDF page containing:

1. Presentation title
2. Speaker name(s), affiliation, and contact information
3. Short biography of the speaker(s) (max. 100 words per person)
4. Abstract (250–300 words) summarizing the technical content and key takeaways
5. Indication of the preferred topic area

IMPORTANT DATES ⚡

Proposal submission deadline

June 5, 2026

(early submissions strongly encouraged)

Acceptance notification

June 12, 2026

Preliminary PPT slides due

June 30, 2026

*Accepted presenters must submit their preliminary presentation slides by the June 30 deadline for review and program coordination. Final presentations will be delivered on-site at ZPEC 2026.

SUBMISSION AND CONTACT ⚡
